« Education »

Head Start offers a comprehensive early childhood curriculum that develops the skills children need to succeed in school .

« Social »

Head Start teaches children to cooperate, respect others and to resolve differences.

« Health »

Head Start promotes healthy practices providing health, nutrition, and dental screenings and services. Nutritious meals and snacks are served.

« Disabilities »

Head Start provides an inclusive environment that supports children with varying needs.

« Family »

Head Start empowers parents to be better caregivers and supports parents as their child's most important educator.
