

RELEASED TIME DIY SEDER

All you need to know about making your own Seder

Proudly made by the
JEWISH HOUR OF PS 195

Setting Up:

WHAT YOU NEED

The set up of the Seder is similar to any Holiday meal or special occasion with the difference of The **Seder Plate items, Matzah, Wine or Grape-juice** for everyone, a **Passover Haggadah** (The book for the Seder night), **salt water** and no leavened foods (known as chometz).

SETTING THE TABLE

Set-up at least one Seder plate (as you see in the diagram) on the Table, not everyone needs a Seder Plate, however make sure there is enough items extra for everyone. You can place the extra Seder plate things around the table. Make some salt water and place around the table. Take 3 whole Matzah, stack them on-top of each other and gently place them under the Seder Plate.

Egg

Hard Boiled Egg

Horseradish

Grind up some Horseradish

Potato

Piece of boiled Potato

Romaine Lettuce

This will be eaten with the Horseradish

Shank Bone

A small Piece of roasted chicken bone - we don't eat this.

Charoset

A dip made up of crushed apples, nuts, pears & grape-juice

1. KIDDUSH

Drink the first of the 4 cups of wine, you can find the Blessings in the Haggadah. We lean to the left as we drink.

2. WASHING

We wash our hands like we do for bread but no blessing is said.

3. DIPPING INTO SALT WATER

Take a piece of boiled potato, dip it in salt water and eat it.

4. HIDING THE AFIKOMEN

Take the middle Matzah and break it into half. Hide the bigger half for the Afikomen.

5. TELLING OVER THE STORY

This is your chance to tell over the story. This step is the longest. Here are the important parts:

a) MAH NISHTANA

We ask the 4 questions.

b) THE PLAGUES

As you say each plague pour out a drop of wine into a broken bowl

c) DAYENU

Time to Sing Dayenu

d) EVERYONE SAY

All say together aloud "Pesach, Matzah, Maror!"

e) EXPLAIN

Tell everyone why we eat Matzah & Maror

f) SECOND CUP

We drink the second cup. Remember to lean

6. WASHING

We wash our hands again like we do for bread, this time we make the blessing.

7&8. MATZAH

Time to eat the Matzah, the Blessings can be found in the Haggadah.

9. MAROR

Take your romaine lettuce put some horseradish on-top and dip it into the Charoset. Make the blessing and Eat.

10. SANDWICH

This step is a combination of the last two. Take two pieces of Matzah and sandwich the Maror in between and eat.

11. THE MEAL

Now we can eat the meal.

12. AFIKOMEN

When the Afikomen is found everyone partakes in it.

13. BENTCHING

We say the after blessing and drink the third cup of wine.

14. SONGS OF PRAISE

Fill up a cup of wine for Elijah, now head to the door with a candle and welcome him in.

15. FINALE

We conclude the seder asking Hashem that next year we will be in Jerusalem together. Drink the fourth cup.

This is a general run down on how to make a seder at home with all the important steps. It should be known that there are parts of the seder that are skipped and can be found in the Haggadah along with the blessings that have not been included in this poster
