# MESIVTA BOYS HIGH SCHOOL

## OUR MISSION

# YESHIVA SCHOOLS RECOGNIZES THAT OUR STUDENTS HAVE BEEN ENTRUSTED TO US BY HASHEM.

Rooted in Chabad philosophy, our mission is to help our students further develop love of Torah, awe of Hashem, refined character traits, and both life and academic skills. As a result, our students will be able to actualize their own potential, confidently establish and sustain Torah-observant families, and make unique contributions to the Torah community and the world at large.

## OUR MISSION

# YESHIVA SCHOOLS MESIVTA AIMS TO DEVELOP IN OUR BOCHURIM AN UNDERSTANDING OF WHAT IS REQUIRED TO BE A CHASSID.

in *mentshlichkeit*, *chassidishkeit*, & in *limud*. Our bochurim will understand the “why” and “how” of what we do and believe, as well as their unique position as Yeshiva bochurim and what that requires from them. Our bochurim will be encouraged to grow and challenge themselves on an individual level towards the goal of being a *chassid*, *yorei shamayim*, and *lamdan*. We will provide each bochur entrusted into our care with the skills, mindset, and knowledge necessary for him to continue successfully in a full time *zal*. We aim to provide a high quality general studies education so that they can go on to schools of higher learning, without compromising on the authenticity of a Lubavitch yeshiva experience – *b'limud hachassidus v'darachei hachassidus*.

A VISION OF YOU

WE STRIVE TO EMPOWER  
AND SUPPORT OUR  
BOCHURIM AS THEY  
CONTINUE IN THEIR  
DEVELOPMENT AS  
PROUD CHASSIDIM

who each have a personal and positive relationship with Hashem.

Our bochurim bring a strong work ethic to the classroom and a determination to learn Torah and chassidus with sincerity and devotion. Our bochurim take an active role in their education, partnering with their parents and with us to create one cohesive team, dedicated to a rich and engaging mesivta experience.

If you are a dedicated, self-assured bochur who is sure of your principles, who strives to set and achieve challenging goals for yourself, who feels passionate about forging a strong connection to the Rebbe and your identity as a chassid, and who endeavors to raise the spirits and confidence of your peers, we are looking for you!

## JEWISH LEARNING

Our bochurim study a variety of subjects, including in-depth Gemara shiurim, day to day halacha l'maase, as well as yom tov halachos, and girsa. They also learn about the basic concepts of chassidus and the chassidic approaches to yomim tovim, as well as ma'amarim, Tanya, and sichos. Guided chavrusa learning and skill-based groups for some classes enable all bochurim to be appropriately challenged, while taking an active part in their learning and developing their knowledge at a pace that works for them. These courses are enhanced by dedicated faculty and full-time mashpi'im, under the direction of the hanhalah, Rabbi Eliezer Shusterman and Rabbi Mendel Unsdorfer.

## GENERAL STUDIES

The goal of our high school program is to prepare students with the life and academic skill set they need for whatever their future may bring, whether that's a calling to Klei Kodesh, or a career in business, the professions, or trades. Our program is designed to meet the Commonwealth of Pennsylvania requirements for a high school diploma in terms of years and hours of study per subject.

Students should be prepared for the rigor of a dual curriculum program, and possess the maturity and mindset necessary to embrace that.

## HISKASHRUS & EXTRACURRICULARS

AT YESHIVA SCHOOLS, WE  
PASSIONATELY BELIEVE  
THAT A HEALTHY BODY  
AND HEALTHY SOUL WILL  
LEAD TO A HEALTHY MIND.

As such, we have a variety of extracurricular programming that enhances both emotional and spiritual composure and fulfillment.

Our mesivta boys interact daily with our carefully selected team of shluchim, who provide one-on-one learning and mentoring, arrange outings and trips, and organize special learning opportunities. Our duchs program creates personalized checklists so that each student can work on his own spiritual growth. Erev Shabbos mitzvoyim, as well as farbrengens and trips to the Ohel help our bochorim continue to deepen both their hiskashrus to the Rebbe and their identities as chassidim.

Our students can also look forward to enjoying shabbatons and trips, twice-weekly gym sessions, and a variety of hands-on workshops like coding, jujitsu, and woodworking.

These programs ensure that the time our bochorim spend outside of the classroom is spiritually and physically nourishing, engaging, and enjoyable.

## DORM LIFE

Our new boys school building in Greenfield is in the process of being completed for the upcoming school year. The second floor will serve as our dormitory, boasting 22 bedrooms, a brand new zal, a game room, and both indoor and outdoor lounge areas. The building also contains full kitchen facilities and a gym, both of which are newly renovated.

Two dorm counselors oversee our out of town students. Their goal is to create reasonable rules and guidelines that respect the needs,

boundaries, and individuality of each student, while making the dorm culture safe and positive for everyone as a whole. With this guiding principle, the staff will do their best to treat you with respect and to communicate clearly and often. In turn, they ask you to respect the rules and guidelines they set forth. As with every relationship you will encounter in life, your interactions in the dorm will be built on trust, respect, and communication.

## ADMISSIONS PROCESS

1. Contact Mrs. Ashirah King  
Email: [aking@yeshivaschools.com](mailto:aking@yeshivaschools.com)  
Call: 412-422-7300 ext 1235
2. Fill out the inquiry form:  
Yeshiva School of Pittsburgh — request  
Information
3. Complete the online application
4. Schedule an interview
5. Admissions decision  
Please allow 1 - 4 weeks for notification.
6. Tuition agreement and deposit  
Once the deposit is received, the student  
will be pre-enrolled
7. Complete the online enrollment
