## Your Standards

# The RaiseThon difference

## Raisethon Doesn't Hold Funds

Being that all money is deposited directly into your account, you have clear and transparent reporting of where your donations came from, itemized by donor and donation amount.

Additionally, Raisethon will not hold your funds, no need to wait weeks (or even months!) for your money to come in.

1

## Marketing material in minutes

Sure, you could spend hours on Canva and other entry level design programs to create your content in all sizes and formats, or you could allow our revolutionary Graphic Generator to literally spit out 20+ pieces of material in a matter of seconds, presized and correctly formatted, and uploaded to your campaign site automatically!

Our growing template library has a proven track record of engagement.

2

## **CRM Integration**

Our seamless Chabad-One CRM integration means your donor information and accounting is 100% in sync. No need to wait to process your End-of-year tax receipts.

**3**

## **Processor of your choice**

Our platform integrates with the industry leading credit card processors and payment gateways. No need to scramble and set up new gateway accounts just to run your campaign, you can use the same credit card processor you already have.

**4**

## **Launch at your leisure!**

Set up your campaign for a launch date as soon as December 1st, and host your campaign any time in the month of December. No need to compete with everyone for the same donors!

**5**

## **Manage the entire campaign from your cell phone**

Our Mobile Friendly modern and revamped back-end allows for campaign setup and management from your phone, from anywhere!

**6**

## **Raffles to help maximize your donors**

In an effort to help you entice your donor base, we will be raffling off a wide range of prizes throughout this promotion, including:

Macbooks, Airpods, iPhones, Apple Watch, Xbox, Nintendo Switch, and much more!

Any donation of \$75 or more, across any campaign within this promotion, will earn 1 entry into this raffle.

Raffles will be drawn once a week throughout the entire month of December.
